

AMENDMENTS TO THE SPECIFICATION

Please replace ¶ [046] of the Specification with the following replacement ¶

[046].

“[046] The cover ~~[[24]]~~ 44 can be fixed in the U-shaped profile 42 by screws 43, 143. A protuberance 37 on the toothed wheel 18, 26 can serve to limit the rotational path, and a stop for the protuberance can project into a circular groove 29 formed by the bearing 28.”

No new matter was added by the above amendment.
